MANNUAL PLATELET COUNT

PLATELET COUNT		1.76	lakh/Cumm	1.50-4.50
PDW		17.4	fl	8.0-18.0
MPV		8.7		8-11
PCT		0.153	%	0.15-5.0

Comment

A Manual Platelet Count is a laboratory test used to measure the number of platelets in the blood by examining a blood sample under a microscope. Platelets are important for blood clotting and preventing excessive bleeding. This test helps diagnose conditions related to abnormal bleeding, clotting disorders, or bone marrow problems.
